More walls than not, in both rooms, were lined with bookshelves and file cabinets. Here he kept numerous case studies of accidents, man-made disasters, serial killers, spree killers: proof undeniable that humanity was a fallen species engaged

in both the unintentional and calculated destruction of itself. Something was very wrong with her, and she tried to speak, but again her voice failed her. Barty turned away from her, surveyed the kitchen, and said, "Ah. The twisty is me." For her, the suspense that grew throughout dinner didn't have much to do with whether or not Wally would pop the question, because if he didn't broach the subject this time, she intended to take the initiative. Instead, Celestina was more tense about whether or not Wally expected that a heartfelt expression of commitment should be sufficient to induce her to sleep with him. Lientery's work met the criteria of great art, about which Junior had learned in art-appreciation courses. It undermined his sense of reality, left him wary, filled him with angst and with loathing for the human condition, and made him wish he hadn't just eaten dinner. OUR LADY OF SORROWS, quiet and welcoming in the Bright Beach night, humble in dimension, without groin vaults and grand columns and cavernous transepts, restrained in ornamentation, was as familiar to Maria Elena Gonzalez--and as comforting--as her own home. God was everywhere in the world, but here in particular. Maria felt happier the instant she stepped through the entrance door into the narthex. Scamp had fabulous legs, and her bralessness left no doubts about the lusciousness and authenticity of her chest, but after an hour of conversation about something or other, before suggesting that they leave together, Junior maneuvered her into a reasonably private corner and discreetly put a hand up her skirt, just to confirm that his gender suspicions were correct. Out of a sphinx face, Obadiah conjured a smile that lifted the point of his white goatee when he turned his head to look at Edom. "Ah ... so long ago," he murmured, as though speaking to himself. "So long ago ... but I remember now." He winked at Edom. A nurse fussed over him as she helped him into bed, concerned about his paleness and his tremors. She was attentive, efficient, compassionate but she wasn't in the least attractive, and he wished she would. A time, from the carafe on the nightstand. She spooned the ice into Junior's mouth not with the businesslike. Tucking the covers around Angel, Celestina said, "Would you like Uncle Wally to be your daddy?" "That would be the best." "I think so, too." "I never had a daddy, you know." "Getting Wally was worth the wait, huh?" "Will we move in with Uncle Wally?" "That's the way it usually works." "Will Mrs. Ornwall leave?" "All that stuff will need to be worked out." "If she leaves, you'll have to make the cheese." she'd crossed herself during Edom's rant about the Tri-State Tornado of 1925. Then, she'd been warding off bad fortune; now, with a smile and a look of wonder, she was acknowledging the grace of God, which, according to the cards, had been settled generously on Bartholomew. By habit, she shifted her attention to his eyes, because though the scientific types insist that the eyes themselves are incapable of expression, Agnes knew what every poet knows: To see the condition of the hidden heart, you must look first where scientists will not admit to looking at all. The revolving beacons dwindled, casting off blue-and-red pulses of light that shimmered-swooped through the diffusing fog, as if they were disembodied spirits seeking someone to possess. "Honey," she said, crouching to peer at him through the vertical slats of the playpen, "what're you doing?" Neddy's face didn't appear to be as pale as it had been earlier. An undertone of gray, possibly blue, darkened the skin. The walk-in closet, which Vanadium next explored, contained fewer clothes than he expected. Only half the rod space was being used. A lot of empty hangers rang softly, eerily against one another as he conducted a casual examination of Cain's wardrobe. He was so innocent. This sweet boy, this pure and stainless infant, couldn't possibly have an enemy in the world, and she could not imagine any son of hers earning enemies, not if she raised him well. This was just a silly card reading. Vanadium was no ordinary cop, as he himself had said. In his obsession, convinced that Junior had murdered Naomi and impatient with the need to find evidence to prove it, what was to stop the detective if he decided to deal out justice himself? What was to prevent him from walking up to the Suburban right now and shooting his suspect pointblank? Otter shrugged. "It's chilly and foggy and late, and there might be villains afoot at this hour," he intoned with mock gravity. "The two of you are Lipscomb women now, or soon will be, and Lipscomb women never go unescorted through the dangerous urban night." She figured that she could stay home, devoting herself to Barty, for perhaps three years before she would be wise to find work. Vanadium owned so few clothes that the two bags had sufficient capacity to accommodate half the contents of the closet and dresser. The water shut off, and Junior heard the ratcheting noise of a paper-towel dispenser. He rolled his head back and forth on the pillow. "Nope. It's still just something you gotta feel." Babies of unwed mothers--especially of dead unwed mothers, and especially of dead unwed mothers whose fathers were ministers unable to endure public mortification--were routinely put up for adoption. Since Seraphim had given birth here, the baby would be no doubt already had been adopted by a San Francisco-area family. Any reasonable person would agree that the line between legitimate and harassment was hair-thin. Junior poured half the vodka over the corpse, splashed some around other parts of the kitchen, and spilled the last on the cook top, where it trickled toward the active burner. This was not an ideal accelerant, not as effective as gasoline, but by the time he threw the bottle aside, the spirits found the flame. Vanadium arrived and stood beside Junior. His black suit was cheap, but it fit better than Rudy's. "Yes, but it's a Catholic hospital, and they offer this option to all unwed mothers--doesn't matter what their religion." He opened his mouth but stood mute. Raised his right hand from his side. Worked his fingers in the air, as though the needed words could be strummed from the ether. He felt stupid, foolish. The wedding reception--big, noisy, and joyous--spread across the three properties without fences. His mother's name was so often mentioned, her presence so strongly felt in all the lives that she had touched, that sometimes it seemed that she was actually there with them. "No, no, dear. It was little Muffin, from next door. A big dog certainly would have torn up both you and the pants. We've got to have a credible story." "I thought there was a burglar," Junior groaned, but he knew better than to spit out his entire story at once, for then he would appear to be reciting a script. Because they were smaller than men and could move more easily in narrow places, or because they were at home with the earth, or most likely because it was the custom, women had always worked the mines of Earthsea. These miners were free women, not slaves like the workers in the roaster tower. Gelluk had made him foreman over the miners, Licky said, but he did no work in the mine; the miners forbade it, earnestly believing it was the worst of bad luck for a man to pick up a shovel or shore a timber. "Suits me," Licky said. The silence in this city of the dead was complete. The night lay breathless, stirring not one whisper from the stationed evergreens that stood sentinel over generations of bones. By the time they reached the seventh painting, alcohol and rich French cuisine and Jack Lientery's powerful art combined to devastate Frieda. She shuddered, leaned with one hand on a canvas, hung her head, and committed an act of bad PR. As Sklent so insightfully put it: Some of us live on after death, survive in spirit, because we are just too stubborn, selfish, greedy, grubbing, vicious, psychotic, and evil to accept our demise. None of those qualities described sweet Naomi, who had been far too kind and loving and meek to live on in spirit, after her lovely flesh failed. Now at one with the earth, Naomi was no threat to Junior, and the state had paid for its negligence in her death, and the whole matter should have been brought to closure. There were only two barriers to full and final resolution: first, the stubborn, selfish, greedy, grubbing, vicious, psychotic, evil spirit of Thomas Vanadium; and second, Seraphim's

bastard baby--little Bartholomew..Junior closed his eyes at once and let his jaw sag, breathing through his mouth, feigning sleep..Perhaps she was afflicted with only expressive aphasia, but she must be confused to some degree. The baby, which would be placed for adoption, was not hers to name.."Don't you say that. The society isn't silly, especially not now. It's us, it's what we were and how we are, and I do so much love everything that's us."..The blonde was coming on to him, just as a score of other women had done since his arrival, so Junior tried to balance seduction with information gathering. Putting his hand over the hand with which she was gently massaging his thigh, he said, "I knew her brother in Nam. Then I got wounded, shipped out, lost touch. Like to find him."..Only two explanations occurred to him. First, bureaucracies slavishly follow the rules even when the rules make no sense. Second, the Ugliest Private Detective in the World, Nolly Wulfstan, was an incompetent dunce..Too late, Paul thought of the one more thing he had wanted to say. Too late, he said it anyway, "God bless you.".."You feel remorse, though," said Agnes. "I can see you do. And not just because of what happened to your hands."..Junior had heard of this invention, but until now he'd never seen one. He supposed that an obsessive like Vanadium might go to any lengths, including this exotic technology, to avoid missing an important call.."I've always wanted to learn the piano myself," Junior claimed, "but I guess you really have to start young.".."Then I'll attend to everything right away," the doctor said, reaching for the privacy curtain that surrounded the ER bed..Now he had to focus on being ready for the evening of January 12: the reception for Celestina White's art show. She had adopted her sister's baby. Little Bartholomew was in her care; and soon, the kid would be within Junior's reach..Hound told his master that they had the hexer in a safe place, and Losen said, "Who was he working for?"..Junior had come to the gumshoe four days ago, with business that might have made a reputable investigator uncomfortable. He needed to discover whether Seraphim White had given birth at a San Francisco hospital earlier this month and where the baby might be found. Since he wasn't prepared to reveal any relationship to Seraphim, and since he resisted devising a cover story on the assumption that a competent private detective would at once see through it, his interest in this baby inevitably seemed sinister..It didn't seem to him to amount to much. It was such an easy matter to him to make a silvery light shine in a dark room, or find a lost pin by thinking about it, or true up a warped joint by running his hands over the wood and talking to it, that he couldn't see why they made a fuss over such things. But his father raged at him for his "shortcuts," even struck him once on the mouth when he was talking to the work, and insisted that he do his carpentry with tools, in silence..Junior discovered more tears than could have been found in ten thousand onions. His wife and his unborn baby. He had been willing to sacrifice his beloved Naomi, but maybe he would have found the cost too high if he had known that he was also sacrificing his first-conceived child. This was too much. He was bereft..Grace knew it, too, because she went limp with misery in his arms, ceased struggling against him..He placed a hand on her shoulder. "Don't beat up on yourself She's come this far. And though I don't know the hospital in Oregon, I doubt the level of care would equal what she'll receive here."..MONDAY EVENING, January 15, Paul Damascus arrived at the hotel in San Francisco with Grace White. He had kept watch over her in Spruce Hills for more than two days, sleeping on the floor in the hall outside her room both nights, remaining close by her side when she was in public. They stayed with friends of hers until Harrison's funeral this morning, then flew south for a reunion of mother and daughter.."I'll come by at eight o'clock for breakfast," Wally suggested. "We have to set a date."..Six captain's chairs encircled the big round table, one for everybody, including Agnes, but only Paul and Barty stayed seated..Routinely she dreamed of Joey. Not nightmares. No blood, no reliving of the horror. In her dreams, she was on a picnic with Joey or at a carnival with him. Walking a beach. Watching a movie. A warmth pervaded these scenes, an aura of companionship, love. Except eventually she always glanced away from Joey, and when she looked again, he was gone, and she knew that he was gone forever..From the moment the girl was admitted on the evening of January 5, the nurses at St. Mary's Hospital in San Francisco called her Phimie, too, not because they knew her well enough to love her, but because that was the name they heard Celestina use..Edom and Jacob came to dinner with Agnes every evening. And though the past weighed heavily on them when they were under this roof, without fail they stayed long enough to wash the dishes before fleeing back to their apartments over the garage..NOT IN A MOOD to garden, but wearing the proper gloves, Junior clicked on the foyer light, the hall light, the kitchen light, and stepped around the clubbed-smothered-shot nurse, to the range, where he switched on the right oven, in which an unfinished pot roast was cooling, and the left oven, in which the dinner plates waited to be warmed. He cranked up a flame again under the pot of water that had been boiling earlier-and glanced hungrily at the uncooked pasta that Victoria had weighed and set aside..Regrettably, he had no choice but to conclude that she hadn't made up her mind whether to keep the baby or to seek out an illegal abortion without Junior's approval. She had been thinking about scraping his child out of her womb without even telling him..That night her sleep was deeper than it had been in a long time, deep as she had expected sleep would never be again, and she was not plagued by any dreams at all, not a dream of children suffering, nor of tumbling in a car along a rain-washed street, nor of thousands of windblown dead leaves rattling-hissing along a deserted street and every leaf in fact a jack of spades..The first time, she required a pencil, paper, and nine minutes to calculate the number of elapsed seconds since an event that had occurred 125 years, six months, and eight days in the past. Her answer differed from his, but while proofing her numbers, she realized that she had forgotten to factor in leap years..Judging by Grace's expression when Paul plucked the chest off the floor, he figured it was heavy. He had no way of knowing for sure, because he was in a weird state, so saturated with adrenaline that his heart squirted blood through his arteries at a speed Zeus couldn't have matched with the fastest lightning bolts in his quiver. The chest felt no heavier than a pillow, which couldn't be right, even if it was empty..Maria turned sideways in her chair and dealt from the top of the four-deck stack, onto the table in front of Barty.."Why should I care whether you have any peace?" she asked, and she seemed to be listening to a woman other than herself..The front door was unlocked. This was no longer one house; it had been converted to an apartment building..Maria's hand tamed, the card turned, and another knave of spades revolved into view, snapped against the table..Although he found Magusson's face sufficiently disturbing that he avoided looking at it more than necessary, and though Magusson's bulging eyes were so moist with bitterness and with need that they inspired nightmares, Junior shifted his gaze from his half-numb hands to his attorney. "Luck? I lost my wife. And my unborn baby."..The full nature of the nightmare continued to elude him, but he became convinced that good reason for his fear existed, that the dream had been more than a dream. He had a nemesis named Bartholomew not merely in dreams, but in the real world, and this Bartholomew had something to do with ... babies..The wine tasted bitter, but Celestina knew that it was sweet. The bitterness was in her, not in the legacy of the grape..With the same surprising ease that she had gotten a plane out of San Francisco on a one-hour notice, Celestina booked two return seats on an early-evening flight from Oregon, as though she had a supernatural travel agent..Beside her, the passenger's door barked and

shrieked as though alive as though suffering, and these sounds were uncannily like the cries of torment that only Agnes could hear in the haunted chambers of her heart..Junior approached the headstone from behind, circled it, and shone the flashlight on the chiseled facts..Carrying the brochure, Vanadium returned to the bathroom and switched on the overhead light. He stared at the slashed wall, at the name red and ravaged..When his stomach rolled uneasily and his scalp prickled, he was seized by panic, certain that he was going to suffer both violent nervous emesis and severe hives, breaking out and chucking up at the same time. He popped the capsules into his mouth but couldn't produce enough saliva to swallow them, so he turned on the faucet, filled his cupped hands with water, and drank, dribbling down the front of is jacket and sweater..With one tiny hand, Barty reached up for his mother. She gave him her forefinger, to which the sugar-bag boy clung tenaciously..Whereas the lone heart at the center of the rectangular white field inspired amazement and delight in her brothers and in Maria, Agnes reacted to it with dread. She strove to mask her true feelings with a smile as thin as the edge of a playing card..The kitchen door stood open and full of light, but he missed it by two feet. He felt along the back wall of the house, discovered the door casing and then the opening, probed with the cane for the threshold, and stepped into the doorway..Better still, he was able to have the girl to the accompaniment of her father's voice, which was even kinkier than doing her in the parsonage. When Junior rang the bell, Seraphim had been in her room, listening to a tape of a sermon her father was composing. The good reverend usually dictated a first draft, which his daughter then transcribed. For three hours, Junior went at her mercilessly, to the rhythms of her father's voice. The reverend's "presence" was deliciously perverse and stimulating to his sense of erotic invention. When Junior was finished, there was nothing sexual that Seraphim could ever do with a man that she had not learned from him..When the waiter had gone, -Tom said, "Don't worry about abetting a crime. If I had to pop Cain to prevent him from hurting someone, I wouldn't hesitate. But I'd never act as judge and jury otherwise..".He switched off the flashlight and stood solemnly for a moment, paying his respects to Seraphim. She had been so sweet, so innocent, so supple, so exquisitely proportioned..Seeing her, Joey leaped up front his armchair again. He managed to hold on to his book this time, but he stumbled into the footstool and nearly lost his balance..At a gun shop, Junior purchased two hundred rounds of ammunition. Later, that many cartridges seemed excessive to him. Later still, he purchased another two hundred..Cops at the doorstep, the lunatic bitch with the chair, the clergyman's curse-all this amounted to more than even a committed man could handle. Get out of the present, go for the future.
