I- guess Vanadium got deeper under my skin than I realized, so when this came up, I couldn't think straight about it."Unerringly, in the darkness, he found her face with both hands. Her cheeks..This unailing consistency of packaging enables card mechanics, professional gamblers, sleight-of-hand magicians-to manipulate

If something set him off, he might explode so violently that he'd blow himself into a psychiatric ward.. "It's just ... the last time I saw him, he trapped me in a corner and told this god awful story, far more than I wanted to know, about some British murderer back in the forties, this monstrous man who beat people to death with a hammer, drank their blood, then disposed of their bodies in a vat of acid in his workroom."
