Two soft-boiled eggs, one slice of bread neither toasted nor buttered, a glass of apple juice, and a dish of

orange. One problem: Nolly Wulfstan, Quasimodo without a hump, probably repaired to this convenient club after work, to down a few beers, because this was surely as close as he would ever get to a halfway attractive woman. The detective would think that he and Junior were here for the same reason—to gawk at nearly naked babes and store up enough images of bobbling breasts to get through the night—and he would not be able to comprehend that for Junior the attraction was the dance, the intellectual thrill of experiencing a new cultural phenomenon. She snatched the handset away from Angel, told Bellini, "He's here," threw the phone on the bed, told Angel, "Stay close to me," ran to the windows, and jerked the drapes out of the way. Wally switched off the engine and killed the headlights. "Home, where the heart is." Regrettably, his radiant smile only emphasized, by contrast, the dire shortcomings of the face from which it beamed. Lumpish, pocked, wart-stippled, darkened by a permanent beard shadow with a bluish cast, this countenance was beyond the powers of redemption possessed by the best plastic surgeons in the world, which was no doubt why Nolly applied his resources strictly to dental work. Mrs. Cain's little boy felt small, weak, sorry for himself, and terribly alone. The detective was still here, but his presence only aggravated Junior's sense of isolation. Part of him knew this sound was his heartbeat, not the footfalls of an otherworldly pursuer, but that part of him wasn't dominant at the moment. He moved faster, not exactly running, but hurrying like a man late for an appointment. Alarmed, concerned that his patient's emotional reaction would lead to racking sobs, which in turn might stimulate abdominal spasms and renewed vomiting, Parkhurst called for a nurse and prescribed the immediate administration of diazepam. The maniac detective was still on the floor where he had died. The red rose and the gift box occupied his hands. Using the brochure as an ice-breaker, Junior circulated through the throng, seeking anyone who'd attended the. "Just now." Although Angel tried to sound nonchalant, she was trembling. "I'm not sure I can do it again." Tom knew only three of the eight. Grace White, Angel, and Paul Damascus. The others were introduced quickly by Celestina. Agnes Lampion, their hostess. Edom and Jacob Isaacson, brothers to Agnes. Maria Gonzalez, best friend to Agnes. And Barty. To prove himself, he read a little of Dickens when she requested it, a passage from *Great Expectations*. Then a passage from Twain. As Obadiah lowered himself into a well-worn armchair, he said to Edom, "Son, don't I know you from somewhere?" Indeed, the winter storm had dampened neither his hair nor his clothes. The rain appeared to slide away from him a millimeter before contact, as though the water and the man were composed of matter and antimatter that must either repel each other or, on contact, trigger a cataclysmic blast that would shatter the very foundation of the universe. Indeed, she found it difficult to talk with her son in their usual easy way. She heard a stiffness in her voice that she knew would sooner or later be apparent to him. Throughout the evening, Barty and Angel—sitting side by side and across the table from Paul—listened to the adults at times and occasionally joined in the larger conversation, but primarily they talked between themselves. When the kids' heads weren't together conspiratorially, Paul could hear their chatter, and depending on what else was being discussed around the table, he sometimes tuned in to it. He picked up on the word rhinoceros, tuned in, tuned out, but a couple minutes later, he dialed back in when he realized that Celestina, sitting two places farther along the table from him, had risen from her chair and was staring in amazement at the kids. Never had the familiar red Bicycle design of the U.S. Playing Card Company looked ominous before, but it was fearsome now, as strange voodoo veve or satanic conjuration pattern. "One hour," he announced, establishing a countdown. In sixty minutes, his internal clock would rouse him from a meditative state. Letting go of Maria, lowering her hand to her heart, Agnes said, "I want to see him." After making the sign of the cross, Maria said, "They must have kept him in the eggubator until he is not dangerous. When the nurse comes, I will make her to tell me when the baby is to be safe. But I can't be leave you. I watch. I watch over." "My little girl," she said, and belatedly she realized that this might not be a policeman, after all, but someone trying to determine if she and Angel were alone in the apartment. What didn't come as a surprise to Paul was Agnes's determination that the Whites, during their period of lying low, should stay with her and Barty. Even a cool day on the pie route could produce a good sweat by journey's end, because with the addition of the men to this ambitious project, they now not only made deliveries but also performed some chores that were a problem for the elderly or disabled. What might have become a waiting game of epic duration was ended when the door to the room swung inward, and a doctor in a white lab coat entered from the corridor. He was backlit by fluorescent glare, his face in shadow, like a figure in a dream. Turning around in his seat, watching with amusement as Celestina fumbled nervously with the currency, the cabbie said, "You're not scared, not you. Sitting back there so silent most all the way, you weren't thinking about being famous. You were thinking about that girl of yours." Another of Junior's self-improvement projects, since moving to California, was to become a knowledgeable gourmet, also a connoisseur of fine wines. San Francisco was the perfect university for this education, because it offered innumerable world-class restaurants in every imaginable ethnic variety. The papermaker withdrew a thick wad of hundred-dollar bills from his envelope and, squinting, inspected the currency in the flickering light. "I'm leaving now, but you wait until movie's over." He remembered the collection of Caesar Zedd self-help drivel that had occupied a place of honor in the wife killer's former home in Spruce Hills. Cain owned a hardcover and a paperback of each of Zedd's works. The more expensive editions had been pristine, as though they were handled only with gloves; but the text in the paperbacks had been heavily underlined, and the corners of numerous pages had been bent to mark favorite passages. "Quitting medicine?" Celestina asked, baffled by his announcement and his upbeat attitude. Playing with fire was fun when you didn't have to attempt to conceal the fact that it was arson. Alone with Paul, as he stood abashed, she removed her blouse and bra and, with arms crossed over her breasts, revealed to him her savaged back. Whereas her father had used open-hand slaps and hard fists to teach his twin sons the lessons of God, he preferred canes and lashes as the instruments of education for his daughter, because he believed that his direct touch might have invited sin. Scars disfigured Agnes from shoulders to buttocks, pale scars and others dark, crosshatched and whorled. "Those were Rowena's affectionate names for the boys when they were babies. Her private nonsense names for them, because she said they were like two beautiful little elves and ought to have elfin names." "September 20, 1902, Birmingham, Alabama, church fire—one hundred fifteen dead. March 4, 1908, Collinwood, Ohio, school fire, one hundred seventy-six dead." By the time this operation concluded and the sulphurous Mr. Cain was brought to some form of justice, Simon might have spent twenty or twenty-five percent of the fee that he'd collected from the liability settlement in the matter of Naomi Cain's death. The attorney put a substantial price on his dignity and reputation. He chased after none of these lovelies beyond a few dates, and none of them pursued him when he was done with them, although surely they were distressed if not bereft at losing him. "Look at it this way, Aggie. All the pies, all the things you do—that's betting on life. And now you've just been given the great blessing of being able to place larger bets." "Please try not to be alarmed, Miss White, but I have a patrol car on the way to your address." His silent tears accomplished what his words could not: Nork, Knacker,

and Hisscus retreated, urging him to speak to his attorney, promising to return, once more expressing their deepest condolences, perhaps as abashed as attorneys and political appointees could get, but certainly confused and unsure how to proceed when dealing with a man so untouched by greed, so free of anger, so forgiving as the widower Cain..He produced her coat as if by legerdemain. Magically, she found her arms in the sleeves and the collar around her neck, though given her size lately, putting on anything other than a hat usually required strategy and persistence..Had Kathleen Klerkle been a man, she would have enjoyed larger quarters in a newer building in a better part of town. She was more gentle and respectful of the patient's comfort than any male dentist Nolly had ever known, but prejudice hampered women in her profession..Dr. Daines spoke with Celestina in the corridor, outside the door to 724. Some of the passing nurses were nuns in wimples and full-length habits, drifting like spirits along the hallway..Paul said, "I wanted you ... I don't know ... I just wanted you to see her. I wanted to say ... to say . . ."..judging by the evidence, the nurse was home alone, but Junior raised his voice above the music and called out, "Hello? Is anyone here?".Celestina met them at the front door and flung her arms around Wally. He let go of his cane-Tom caught it-and returned her embrace with such ardor, kissed her so hard, that evidently residual weakness was no longer a problem..Yet his curious attraction to these newborns kept him at the window, and he began to believe that unconsciously he had intended to come here from the moment he guided his walker out of his room. He'd been compelled to come. Drawn by some mysterious magnetism..Junior remembered the very words the detective had used: They say she died in a traffic accident..After the service, among those who came to Agnes at graveside, trying to express the inexpressible, was Paul Damascus, the owner of Damascus Pharmacy on Ocean Avenue. Of Mideastern extraction, he had dark olive skin and, incredibly, rust--red hair. With his rust-red eyebrows, lashes, and mustache, his handsome face looked like that of a bronze statue with a curious patina..The gunshot was louder-and the pain initially less-than he expected. Timpani-boom, timpani-boom, the explosion echoed back and forth through the high-ceilinged apartment..Tom stared at the girl's drawing-quite a good one for a child her age, rough in style, but with convincing detail-and if skin could be said to crawl, his must have moved all the way around his body two or three times before settling down again where it belonged. "Are these ... ?". "Oh, my Lord," Chicane groaned as he and Sparky half carried Junior into the bathroom..Junior opened his eyes and saw that only the second of the two rounds had found its intended mark. The first had cracked through the center of a cabinet door, surely shattering dishes within..To the foot of the bed slouched the third and final Hackachak: twenty-four-year-old Kaitlin, Naomi's big sister. Kaitlin was the unfortunate sister, having inherited her looks from her father and her personality equally from both parents. A peculiar coppery cast enlivened her brown eyes, and in a certain slant of light, her angry glare could flash as red as blood..Along Junior's hairline, on his cheeks, his chin, and his upper lip, a double score of hard little knots had risen, angry red and hot to the touch. Having previously experienced a particularly vicious case of the hives, Junior realized this was something new-and worse. To the pilot, he replied, "Allergic reaction"..Getting out of the stuffy car into air much chillier than it had been when he'd left this place, Junior stood unsteadily as the police and the paramedics gathered around him. Then he led them through the wild grass to Naomi, moving haltingly, stumbling on small stones that the others navigated with ease..Junior forgot all about seduction. "And she--what?--She adopted her sister's baby?".Junior had the picture now. Clear as Kodachrome. Victoria was in a relationship, and she had come on to him in the hospital not because she was looking for more action, but because she was a tease. One of those women who thought it was funny to get a man's juices up and then leave him stewing in them..Junior lifted the pattie with a fork, found no quarter under it, and put the meat on one half of the bun. He constructed the sandwich from these fixings, added ketchup and mustard, and took a great, delicious, satisfying bite..Angel pointed to a Mercedes parked about forty feet behind the Buick, just as its headlights went off..Ordinarily, when Celestina was troubled, her art was a perfect sanctuary from all woes. When she was planning, composing, and rendering, time had no meaning for her, and life had no sting.."You know Mommy," Barty said, almost desperately sponging up the sight of his little girl's face and wringing the images into his memory to sustain him in the next long darkness..Ever since he'd searched Vanadium's house, over fourteen months ago, Junior had enjoyed learning about other people by touring their homes in their absence. Because he was unwilling to risk arrest for breaking and entering, these explorations were rare, other than in the homes of women whom he'd dated long enough to justify swapping keys. Happily, in this golden age of trust and easy relationships, as little as a week of hot sex could lead to key-level commitment..At the end, with the salt Tom and the pepper Tom standing side by side in their different but parallel worlds, Maria said, "Seems like science fiction..".A fine carpenter can wield a hammer with an economy of movement and accuracy as elegant as the motions of a symphony conductor with a baton. A cop directing traffic can make a rough ballet out of the work. However, of all the humble tasks that men and women can transform into visual poetry by the application of athletic agility and grace, clambering into a Dumpster holds the least promise of beautification..In his blindness, Barty listened to her reports and, through her, saw more than he could have seen if never he had lost his eyes..He wanted to say: The vain, power-mad politicians who milk cheers from ignorant crowds, the sports stars and preening actors who hear themselves called heroes and never object, they should all wither with shame at the mention of your name. Your vision, your struggle, the years of grueling work, your enduring faith when others doubted, the risk you took with career and reputation--it's one of the great stories of science, and I'd be honored if I could shake your hand..".Now this. But even if your dad had cooperated with me, nothing would have changed. Since Phimie never revealed his name, I wouldn't have been able to go after Cain any differently or more effectively..".On Sunday, New Year's Eve, Edom and Jacob came for dinner. Following dessert, when Barty went to his room to continue reading Starman Jones, which he had begun late that afternoon, Agnes told her brothers the truth about their nephew's eyes..The odds against this phenomenal eleven-card draw must be millions to one, which seemed to give the predictions validity..".I should," Tom agreed, "but the point is this. . ."..With the finesse of a magician, he allowed the salt shaker to slip out of the concealment of his palm, and stood it beside the pepper. "This is also me..".Jacob intended to carry the luggage, and Edom announced that he would carry Barty. The boy, however, insisted on making his own way to the house..Anyway, if Celestina escaped, there would be a witness, and it wouldn't matter to a jury that she was a talentless bitch who painted kitsch. She would have seen Junior get out of the Mercedes and would be able to provide at least a half-accurate description of the car in spite of the fog. He still hoped to pull this off without having to give up his good life on Russian Hill..The syphilitic-monkey comparison struck Tom Vanadium as bizarre, but it turned out to be a sober judgment based on experience. In his fifties, Sparky had worked as the chief of maintenance at a medical-research laboratory, where-among other projects-monkeys had been intentionally infected with syphilis and then observed over their life span. In the terminal stages, some of the primates engaged in such out? behavior that they had prepared Sparky for his eventual

encounter with Enoch Cain..Junior locked the door. He started the engine and drove out of the cemetery faster than was prudent on the winding service road..The port-wine birthmark appeared to be darker than before and differently mottled than he remembered it.."You might as well beat a cloud for raining," said Otter's mother..Jacob trusted no one but Agnes and Edom. He'd trusted Joey Lampion, too, after years of wary observance. Now Joey was dead, and his corpse was in the embalming chamber of the Panglo Funeral Home..He opened his mouth but stood mute. Raised his right hand from his side. Worked his fingers in the air, as though the needed words could be strummed from the ether. He felt stupid, foolish..could not be a person of the best intentions. Doctors and nurses wouldn't monitor their patients with the lights off.."WOULD YOU LIKE TO BE MY BOYFRIEND?" asked Miss Velveeta, who had thus far shown no romantic inclinations..A sudden strange weakness, a formless dread, dropped Agnes out of her crouch and onto her knees beside the boy..If the state police did get involved, and even if they found evidence that the accident was staged, they would most likely point the finger of blame at the man for whom Victoria had been preparing dinner..Thus far, there were only two unexpected developments, the first being his explosive vomiting. He hoped he would never have to endure another such episode..Fresh from sedative-assisted sleep, which hadn't ended until they were in the taxi between the hospital and the hotel, Angel had proved as fully resilient as only children could be when they still retained their innocence. She didn't understand how seriously Wally had been hurt, of course, but if the attack by Cain had terrorized her while she'd watched it from beneath her mother's bed, she didn't seem in danger of being permanently traumatized.."Sure. There's lots of places where he didn't get shot, but there's places where he got shot and died, too.".Exactly. The shock. The devastating loss. Junior felt it now, anew, and was afraid he might betray himself with tears, although he seemed to be done with vomiting..He was no longer hopeful that they could have a future together. After sampling the Junior Cain thrill machine, Celestina would want more, as women always did, but the time for a meaningful romance had now passed. For all the anguish he'd been put through, however, he deserved the consolation of her sweet body at least once. A little compensation. Payback..Halfway home, he heard sirens and saw the beacons of approaching emergency vehicles. He pulled the Suburban to the side of the road and watched as two fire trucks passed, followed by an ambulance..The pewter bludgeon slammed into the back of his skull with a hard pack. The scalp tore, blood sprang forth, and the man fell as hard as Victoria had fallen under the influence of a good Merlot, although he went facedown, not faceup as she had done..His in-laws' chances of receiving compensation for their pain and suffering over Naomi's death were seriously compromised if her husband did not hold the state or county responsible. In this, as in nothing previously, they felt the need to stand united as a family..Junior hurried out of the kitchen and along the hallway to the front door. He ran silently, landing on his toes like a dancer. His natural athletic grace was one of the things that drew so many women to him..Two things about him were remarkable, beginning with his face. His head was wrapped with white gauze bandages, so he looked like Claude Rains in *The Invisible Man* or like Humphrey Bogart in that movie about the escaped convict who has plastic surgery to foil the police and to start a new life with Lauren Bacall. Blond hair sprouted from the top of the elaborate wrappings. Otherwise, only his eyes, his nostrils, and his lips were uncovered..She leaned forward in her seat, and toward him, so he could see her more directly, and when she put one trembling hand against his cheek, his head dropped forward on neck muscles as limp as rags, his chin..She only half understood their frantic conversation, partly because the ability to concentrate was draining from her along with her lifeblood, but also because she was distracted by Joey. He was no longer in the wreck, but standing at the open rear door of the ambulance..Whether the cop was unhinged or not, Junior had nothing to gain by talking to him, especially in this disorienting darkness. He was exhausted, achy, with a sore throat, and he couldn't trust himself to be as
