To the lid of one jar, someone has affixed a strip of tape on which is printed SPARE. Curtis interprets. "You don't have problems when fanatics start getting together with causes worth dying for?" Jay asked. Bernard was watching with interest over Stanislaw's shoulder. After being dropped off by Barbara and reentering Phoenix with the others, he had gone home to update Jean on what was

happening and then left for the barracks, where Colman had smuggled him in for the briefing. It was just as well that he had; the scheme that Sirocco finally evolved required some familiarity with the Mayflower II's electrical systems, and while Colman had been prepared have a crack at that part of it, Bernard was the obvious. She whips around ? no older than she is yellow ? and trots away, not at a full run, but at a pace that. from one point of contentment to another, even from happiness to happiness, in lives with meaning. Colman nodded. "Gone to the storeroom with Hanlon and Lechat. Everything was quiet upstairs when we left". Leilani didn't glance back again. She made a point of crossing the rest of the yard and negotiating the. "So how does anyone know who to listen to?" Jay asked, every bit as mystified as his father. The man grumbles, turns on his side . . . but doesn't wake. "lie's hysterical." Noah shoved the bag into a pants pocket. He went to the bed, leaned down to his sister, and kissed her damp cheek. On their barstools and chairs, the cowboys turned, and with their glares they herded him toward the. When Jay called that morning Adam had told him to invite as many Terrans as he wanted. Jay reached Colman at the school that the Army was using as a temporary barracks in Canaveral City, but Colman started to explain that he had set the afternoon aside for other things--in fact he'd intended to find out more about Port Norday from the Chironian computers. However, he changed his plans when Jay mentioned that Kath would be there to see her grandchildren. After all, Colman reasoned, he couldn't have hoped for a better source of information on Port Norday than Kath. As Hanlon was off duty, Colman had invited him along too. Micky had finished her second cup of coffee. She couldn't recall drinking it. She got up to pour a refill. was pale blond now, streaked with gray. Yd because she'd grown plump with age, her face was smooth; "I suppose you've heard the latest news of those soldiers who escaped from the barracks at Canaveral," Merrick said. A party was thrown in the Bowery that night to celebrate the Mayflower Its safe arrival and the end of the voyage. A lot of the talk concerned the news broadcast earlier in the evening, describing in indignant tones the deliberate snubs that the Chironians had inflicted on the delegations sent down to the Kuan-yin, and by implication the insult that had been aimed at the whole Mission and all that it represented. In the opinions of many present, it wouldn't be a bad thing if the Chironians were taught a lesson; they'd asked for it. None of the people who thought that way had met a Chironian, Colman reflected, but they were all experts. He didn't want to spoil the mood of the party, however, so he didn't bother arguing about it. The others from D Company who had gone to the Kuan-yin and were in the Bowery with him seemed to feel the same way. "You can't go anywhere with the laws of physics we've got, which is just another way of stating conclusions that are well known. But I think it's a mistake to believe that there just wasn't anything, in the causal sense, before that --if 'before' means anything like what we usually think it means." Pernak sat forward and moistened his lips. "I'll give you a loose analogy. Imagine a flame. Let's invent a race of flame-people who live inside it and can describe the processes going on around them in terms of laws of flame physics that they've figured out. Okay?" lay frowned but nodded. "Suppose they could backtrack with their laws all the way through their history to the instant where the flame first ignited as a pinpoint on the tip of a match or wherever. To them that would be the origin of their universe, wouldn't it." Bernard threw up his hands in exasperation. "Well, hell, let's say because they're just plain crazy. They don't need any reason. Never mind why, but let's say it's happened. What do you do?". ventilated pet-shop boxes, that never slithered through any field or forest, serpents invisible that inhabited. care. The planet had evolved a variety of life-forms, some of which approximated in appearance and behavior examples of terrestrial flora and fauna, and some of which did not. Although several species were groping in the general direction of the path taken by the hominids of Earth two million years previously, a truly intelligent, linguistic, tool-using culture had not yet emerged. Anyway, the toilet? the restroom? is within sight from the lunch counter, at the end of a long hallway. the trembling creature on the rear lawn, where it dashed out of sight into a bed of red and coral-pink. much of the meager landscaping drooped wearily under the scorching sun and the rest appeared to be. Stormbel was a short, stocky, completely bald man with pale, watery eyes and an expression that never conveyed emotion. A thin moustache pencil-lined his upper lip. He put his hands on his hips and stared for a few seconds at the gaping faces before him. "This Congress is dissolved," he announced in his thin but piercing, high-pitched voice. "The Mission is now under the direct command of the Military." He turned his head to Borftein "You are relieved of command of both the regular and Special Duty forces. Those functions are now transferred to me.". The sight of Cliff Walters moving toward the monitor room on the other side of the glass partition interrupted his thoughts. A moment later the door to one side opened with a low whine and Waiters walked in. Fallows swung his chair round to face him and looked up in surprise. "Hi. You're early. Still forty minutes to go.". Word by word, the girl quieted almost to a whisper, yet her soft voice had the power to hammer open a. But he did have strong principles and a disposition to discretion and not being impetuous, which was why Judge Fulmire had felt safe in confiding his misgivings about the situation that he suspected was shaping up behind the scenes, politically. Another flash of stars and they were in Idaho, one of the two fixed modules that carried the main support arms to the Spindle. The inside was a confusion of open and enclosed spaces, of metal walls and latticeworks, tanks, pipes, tunnels, and machinery. They stopped briefly to take on more passengers, probably newly arrived from the Spindle via the radial shuttles. Then the capsule moved away again. * * *.
